

SVP Crankcase Breather Filter

INFORMATION SHEET

nfi.parts

Designed to be a cost effective, direct drop-in replacement for the OE offering.

The crankcase filter cleans the vented blow-by gases to make sure that they are contaminant-free before discharging to the environment or returning to the engines's intake.

SVP
by NFI Parts

Once a year or every 1,500 hours filter should be replaced per manufacturer's recommendation.

PATENTED
Proprietary Design

FEATURES
